Summary

ELV Systems Site Engineer with hands-on experience in the installation, configuration, supervision, testing, and commissioning of **CCTV Surveillance, Fire Alarm Systems, PTZ Cameras, Access Control Systems and ELV solutions**. Currently working with **SP Safe Control Systems Pvt. Ltd., New Delhi**. Experienced in large-scale CCTV deployment, including the installation of **500 cameras at Khuluwng,Tripura**, along with Access Control implementation at Xammer Pvt. Ltd. and PTZ camera installation and configuration at a **CRPF Camp, Bawana**. Strong understanding of **site execution, team coordination, project planning, Gantt scheduling, risk management, vendor coordination, and** supported by a **CBRE Project Management Virtual Job Simulation through Forage**.

Professional Experience

Site Engineer – ELV Systems

05/2026 – Present | Tripura

SP Safe Control Systems Pvt. Ltd., New Delhi

- Supervise and coordinate ELV and security system installation activities at project sites.
- Lead and coordinate technicians and installation teams to ensure timely project execution.
- Manage installation, testing, configuration, and commissioning of **CCTV surveillance systems**.
- Supervise large-scale CCTV deployment, including installation of **500 cameras at GB Plant College, Tripura**.
- Coordinate camera positioning, cabling, mounting, equipment installation, and site-level troubleshooting.
- Monitor installation quality and ensure work is completed according to project requirements.
- Coordinate with site teams, contractors, and other stakeholders for smooth project execution.
- Assist in identifying and resolving installation and connectivity issues during project execution.
- Maintain site progress and coordinate daily installation activities.

PROJECTS & TECHNICAL EXPERIENCE

CCTV Surveillance System – Khumulwng Park, Tripura

Site Engineer

- Supervised the installation and deployment of **500 CCTV cameras** across the project site.
- Coordinated installation teams and monitored day-to-day site execution.
- Supervised camera mounting, positioning, cabling, connectivity, and equipment installation.
- Assisted with camera configuration, testing, troubleshooting, and commissioning.
- Monitored installation quality and surveillance coverage across designated areas.
- Coordinated with site personnel and project teams to support smooth project execution.

Access Control System – Xammer Pvt. Ltd.

Site Engineer

- Worked on the installation and implementation of **Access Control Systems**.
- Assisted with device installation, wiring, configuration, testing, and commissioning.
- Supported troubleshooting and site coordination during system deployment.

PTZ Camera Installation & Configuration – CRPF Camp, Bawana

Site Engineer

Skills

ELV & Security Systems

- CCTV Surveillance Systems
- IP CCTV
- PTZ Cameras
- Access Control Systems
- Fire Alarm Systems
- Public Address (PA) Systems
- ELV System Installation
- Testing & Commissioning

CCTV & Technical Skills

- CCTV Camera Installation
- Camera Mounting & Positioning
- Camera Configuration
- Cabling & Connectivity
- PTZ Camera Configuration
- System Testing
- Fault Identification & Troubleshooting
- Surveillance System Deployment

Site & Project Management

- Site Supervision
- Installation Team Coordination
- Project Execution
- Project Planning
- Gantt Chart Development
- Task Scheduling
- Risk Management
- Vendor / Supplier Coordination
- Effort & Cost Tracking
- Project Performance Tracking
- Testing & Commissioning
- Site Progress Monitoring
- Client / Contractor Coordination

Certifications & Technical Credentails

Cisco Networking Foundation Fundamentals - Linkedin Learning
Credential ID : 9d0cf7fc

IOT Foundations - Linkedin Learning
Credential ID : ad969ee

Recent Trends in Electronics - Aligarh Muslim University
Participation in Webinar

- Worked on installation and configuration of **PTZ surveillance cameras**.
- Assisted with camera mounting, cabling, connectivity, configuration, and testing.
- Performed site-level troubleshooting to ensure proper camera functionality.
- Supported system testing and commissioning activities.

Virtual Job Simulations

CBRE - Project Management Job Simulation
03/2026 | Forage

Showroom Project – Project Planning & Execution

- Developed a structured **project plan and Gantt chart** covering project activities from conception through execution.
- Defined project scope and identified teams/stakeholders required for project execution.
- Prepared initial **budget projections** and incorporated **effort and cost tracking** into the project plan.
- Created a **Risk Management Register** to identify and manage potential project risks.
- Planned project activities including **building permits, vendor/supplier start work, installation activities, and final punch-list creation**.
- Applied project scheduling concepts including **task dependencies, durations, milestones, and critical-path planning**.
- Tracked **project objectives and performance** across the project lifecycle.

Education

B.tech In Computer Science & Engineering
Integral University | 2026
Lucknow | Grade : 8.9 CGPA

Diploma In Electronics Engineering
Aligarh Muslim University | 2023
Aligarh | Grade : 8.05 CPI

High School
Prema Educational Academy | 2020
Menhdawal | Grade : 82.66 %

Achievements

ISFO MATHS OLYMPIAD - Level 2 Qualified
National Rank 60 | 2020

Buniyaad Talent Search - District Level
Rank 2 | 2018
